ASSESSMENT ROLL CONFIRMED:

For the Vacation ~~Opening~~ ~~Condemnation of right of way for utility purposes~~ of Eckart Street from the east property line of John Street to the west property line of the first alley west of Smith Street.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate Eckart Street from the east property line of John Street to the west property line of the first alley west of Smith Street.

All as shown by a plan of such proposed Vacation ~~Opening~~ ~~Condemnation of right of way for utility purposes~~ as above described, now on file in the Office of the Department of Public Works of the City of Fort Wayne, Indiana

The cost of said Vacation ~~Opening~~ ~~Condemnation of right of way for utility purposes~~ shall be assessed against the property beneficially affected thereby.

The property which may be injuriously or beneficially affected by such Vacation ~~Opening~~ ~~Condemnation of right of way for utility purposes~~ is described as follows: Lot No. 4 and the east 30 feet of Lot No. 3, Eckarts Sub. of Pughs Outlots, Lots 1 to 6, Platt's Sub. and Weisser Park. Said additions and park are inclusive to the City of Fort Wayne, Indiana.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations", as approved March 6, 1905 and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal installments with interest at the rate of five (5)% per annum. Under no circumstances shall the City of Fort Wayne, Indiana be or be held responsible for any sum or sums due from the said property owner or owners, or for the payment of any bond or bonds, except for such moneys as shall have been actually received by the City from the assessments for such property damages as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

The vacation of the above described street shall be subject to an easement for the use of the City of Fort Wayne, Indiana, and other public utilities for the construction and maintenance of sewers, water mains, gas mains, electric pole lines and conduits, telephone and telegraph pole lines and conduits.

All Streets, lots and lands affected by the above described vacation are situated in the north one-half of Section Thirteen, Township 30 north, Range 12 east and lie wholly within the corporate limits of the City of Fort Wayne, Indiana.

Declaratory Resolution, drawing and property ownership list completed and attached.

This project has been delayed because the ownership of some of the affected property was questionable and a great deal of research was necessary in connection with utility facilities and easements.

An easement grant is required but we recommend the resolution be confirmed immediately to clear the records on this matter. The School City and Park Board have assured us they will sign the easement grant when it is completed.

Attention Mr. Lester L. Grile, Supt.

Gentlemen:

This has reference to your letter of March 2 and to your conference with the Board of Public Works, having reference to our giving consideration to matters in connection with proposed buildings to be constructed as follows:

1. Weisser Park Junior High to be located at the north edge of Weisser Park
2. Bloomingdale Elementary School at 1305 Marion Street
3. Nebraska School at Boone and Fry Streets.

The Board will cooperate with you to the fullest extent in connection with street and alley vacations, widening permits, and other variations in locating the proposed buildings.

We have issued Board Orders to our Engineering Department to prepare the necessary resolutions for Board adoption on the necessary vacations and we shall move promptly with the necessary legal procedures to accomplish same.

Very truly yours,

BOARD OF PUBLIC WORKS

Gentlemen:

The Board of School Trustees, Fort Wayne Community Schools, Fort Wayne, Indiana, respectfully requests that the Board of Works, City of Fort Wayne, Fort Wayne, Indiana, give consideration to the following matters:

- I. Weisser Park Junior High (Proposed Building to be located at north edge of Weisser Park)
1. Vacate Eckart Street from east line of John Street to the west line of the first alley located west of Smith Street, as shown on the enclosed Site Development Plan. None of the existing underground utilities will be affected by the location of the proposed Weisser Park Junior High School building.
 - 036
 2. Vacate first east-west alley north of Eckart Street from the east line of John Street to the west line of the first alley west of Smith Street.
 - 037
 3. Request permission to widen first alley west of Smith Street approximately four (4) feet with the entire improvement to be made on Fort Wayne Community Schools property.
 - 038
 4. Vacate Gay Street from south line of Colerick Street to north line of the first east-west alley north of Eckart Street.
 - 039

All costs of removal and/or relocation of curbs, pavement, and sidewalks will be borne by the Fort Wayne Community Schools.

March 2, 1963

Board of Public Works - 2

II. Bloomingdale Elementary School (Proposed Building)
1305 Marion Street

- 140
1. Vacate existing north-south alley between Orchard Street and Marion Street from the south curb line on Third Street to the north curb line on Second Street.
 2. Request permission to locate the proposed building at a minimum distance of seven (7) feet from the existing public sidewalk adjacent to Third Street, two (2) feet from the existing public sidewalk on Orchard Street, and within two (2) feet from the public sidewalk on Second Street.

III. Nebraska School (Proposed Building)
Fry and Boone Streets

1. Request permission to locate building within one (1) foot of the existing public sidewalk adjacent to Boone Street. Location of foundations of existing houses is six (6) feet from the public sidewalk and the proposed building will be located a minimum of ten (10) feet from the existing public sidewalk.

If there are any questions in regard to these projects please contact us and we will be glad to review them at your convenience.

May 15, 1963

1140

Mr. Donald E. Bodeker
Office Engineer
City Engineers Office

Dear Don:

We have reviewed the proposed vacation of Eckhart Street between John Street and the first alley west of Smith Street as well as Gay Street from Colerick Street south to its southern terminus along with the intersection alleys and have no objection to the proposed vacation for the following reasons:

1. As you know, the property is being acquired for a new junior high school and the purpose of the vacation is to combine the property into one tract and also tie it into Weisser Park to the south. By doing this, it would provide a better arrangement of facilities for the school and park departments.

2. Eckhart Street is narrow in right of way and improvement width and therefore should not be required to carry through traffic. The vacation of this section of street would discourage through traffic and relieve some of the traffic conditions which now exist.

Based on the above reasons, we would recommend that the above vacation be accomplished, subject to the necessary utility easements.

Sincerely,

CITY PLAN COMMISSION

William J. Jones
William J. Jones

TRAFFIC ENGINEERING DEPARTMENT

Report No. _____ Sheet 1 of 2 Date August 27, 1964

To: Mayor Harold Zeis

Subject: Vacation of Eckart St.

Mayor Zeis:

Please be advised that the undersigned jointly reviewed the subject with Captain Robert Butz and Mr. William Jones, Plan Director.

The report is submitted herewith, purely from the standpoint as it may be related to traffic operations or requirements thereof.

It has been a long standing of this department to refrain from the endorsement of the vacation of any thoroughfare, unless the same can be accomplished by the development of comparable facilities serving the same needs. It is our opinion that the closing of Eckart St., between John St. and the alley east thereof, does impose a transformation of traffic operations that has been normally accepted and, by force of habit, has been a part of the development of the southeast section of the City of Fort Wayne, adjacent to Weisser Park area and points east thereof.

The street also serves a small neighborhood business area located at Bowser and Eckart Streets involving a neighborhood grocery market; a G.E. repair and supply outlet for television, radio and other similar appliances; a neighborhood tavern and a barbershop. At the present time, one business development is vacant.

Eckart St., prior to the development of the Weisser Park Junior High School, carried slightly more than 850 vehicles during a 24 hour period within this immediate area. This means that these motorists must rearrange their trips, due to the vacation of this street, if the same is

DISPOSITION OF REPORT

Approved _____ 19____ Rejected _____ 19____
Hold _____ 19____ Rescinded _____ 19____ Other _____ 19____

TRAFFIC ENGINEERING DEPARTMENT

Report No. _____ Sheet 2 of 2 Date August 27, 19 64

to become a reality. This will place an additional traffic-load problem upon Colerick St., located one block north of the street subject.

It is the opinion of this department that certain facilities, that are to be jointly used by the general public and Weisser Park Junior High School available through the Weisser Park with the authority of the Board of Park Commission, could be accomplished, if necessary, by the use of a patrol-boy system, upon entering and leaving the school buildings for activities pertinent to the requirements involving exercises or activities related to the school curriculum.

This department refrained from submitting any opinions, at the time of a year ago or there about, concerning the subject, basically due to the fact that we were verbally advised that agreements had already been arranged, between the City, Board of Public Works and the Civil School City, that the street would be made available to them for their requirements.

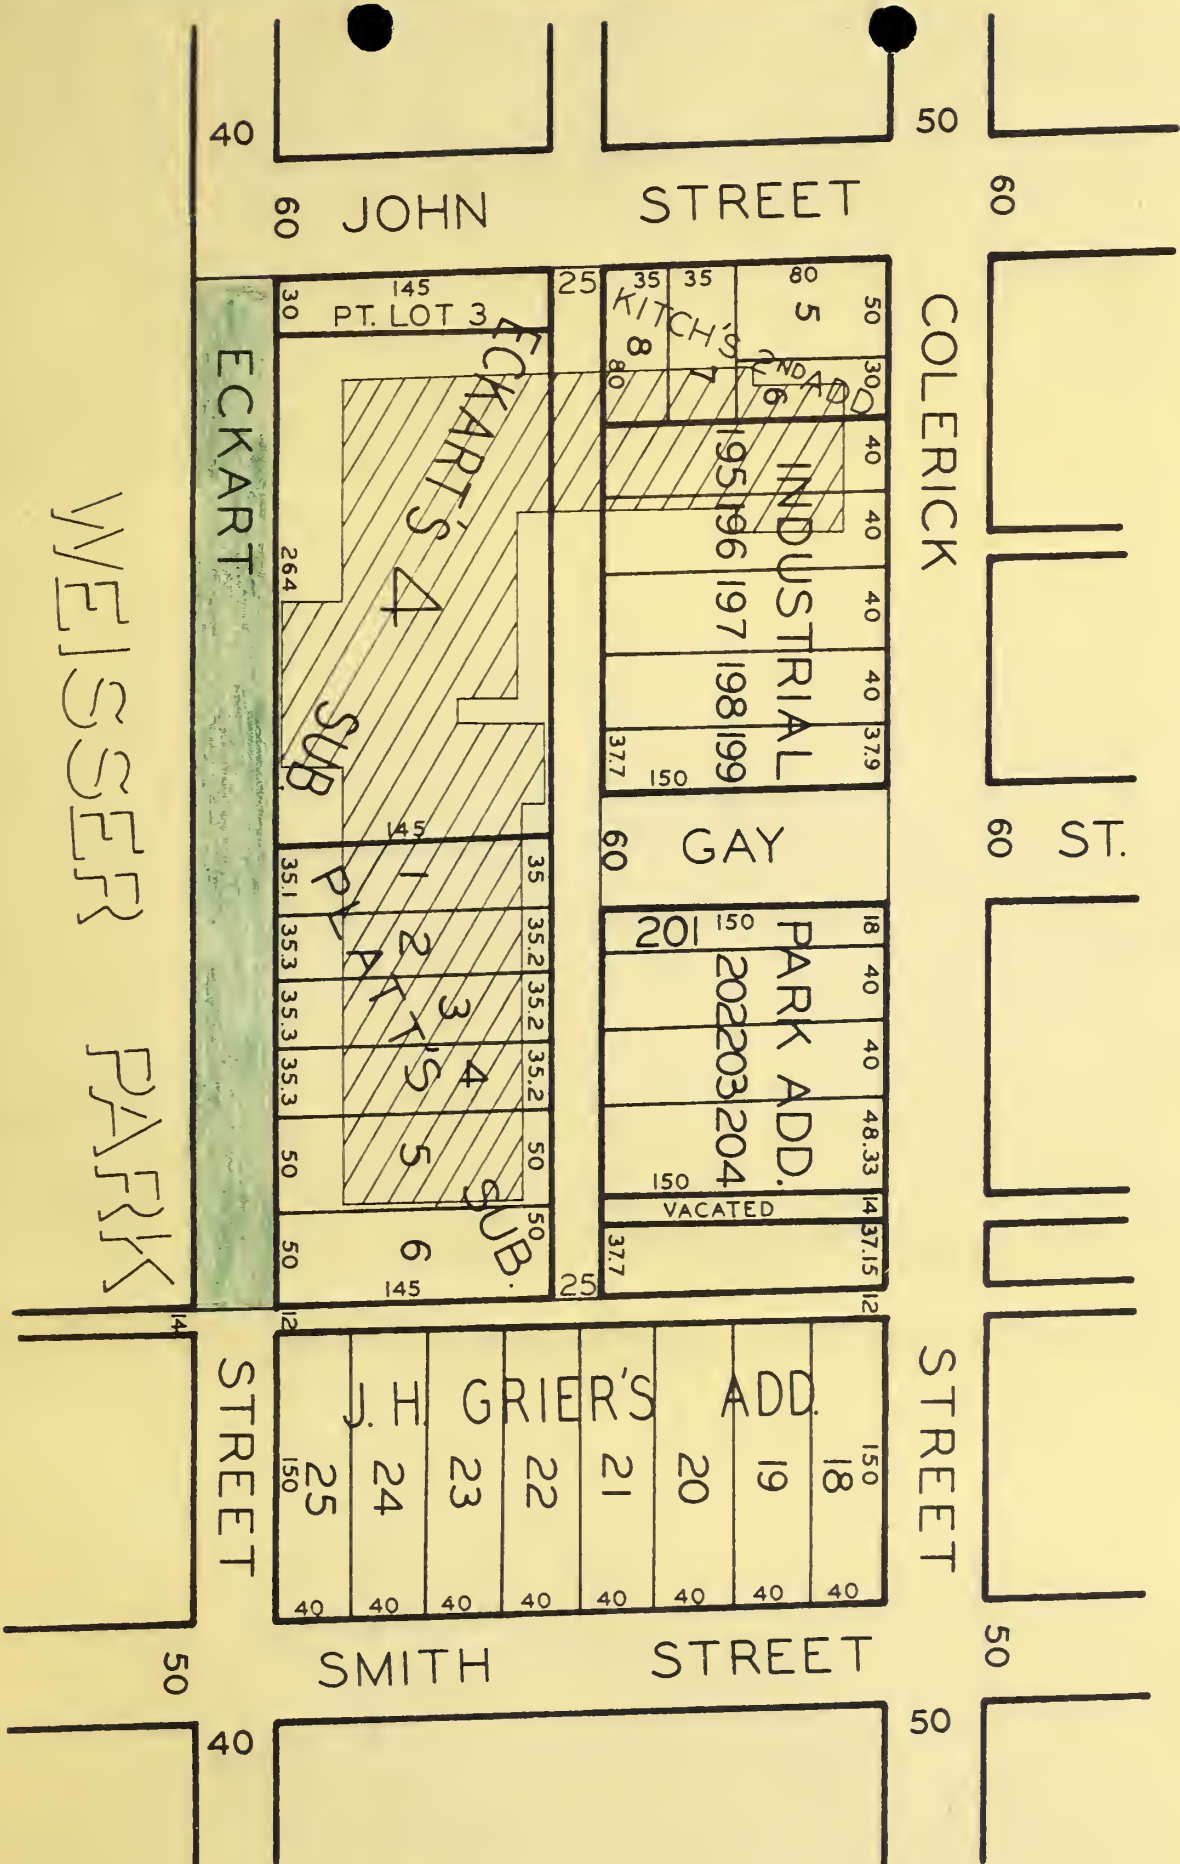

Respectfully submitted,

JTW/jn

James T. White,
Traffic Engineer.

THE JOURNAL-GAZETTE

FORT WAYNE, INDIANA, TUESDAY MORNING, NOV. 16, 1965—SECTION C

Eckart St. Closing Moves One Step Nearer Decision

By JERRY HUDDLESTON

The controversial vacation of Eckart Street — already closed physically, although not legally—moved closer to a Plan Commission decision last night.

The commission in a City Hall public hearing, continued from a month ago, put into the record a 275-name petition favoring the vacation and a 130-name petition opposing it.

The commission will consider drafting a recommendation to City Council at a meeting next Monday. Board of Works action also would be required for vacation, unless a concurrent petition before Circuit Court is approved.

Eckart between John Street and the first alley east of John was torn out and seeded to grass under a verbal agreement between the previous city administration and Fort Wayne Community Schools. Then the present Board of Works refused to approve the vacation formally.

Spokesmen opposed to the vacation said last night that it is needed for the safety of Weisser Park Junior High students which cross the vacated street to use Weisser Park for athletics and recreation. Those opposed said Eckart is a needed traffic artery. The two sides disagreed on whether an open or closed Eckart would cause the most accidents.

Atty. Clifford E. Simon Jr. for FWCS said that if Eckart is "a heavily travelled street, then you've got to close it (for students' safety). If it is not, then what's all the fuss about?"

Simon said the closing of Eckart had "worked out beautifully" and that reopening it would take taxpayers' money to satisfy a minority. He also reminded that legally only the owners of property abutting a street to be vacated have a voice. The owners are FWCS and the Park Board, both of whom favor the vacation.

Building Weisser Park Junior High next to Weisser Park so the school could use the park saved taxpayers up to \$500,000, according to Simon. The alternative, he said, would have been to condemn residential property for playground.

Cites Traffic Hazard

Edward Burns, the school's principal, said that opening Eckart would put traffic 8½ feet from the front door of the school. Other spokesmen against reopening the street included the president of the school's Parent-Teachers Association, and parents.

Spokesmen for reopening said teen-agers should be able to cross streets, and that closing was detrimental to their fire protection. Another said the city had resurfaced the street only six months before it was closed, and that a substantial fence had been erected along that side of the park.

In other action last night, planners received preliminary plans for the proposed \$7 million Southtown Mall Shopping Center to be established on 81.5 acres south of Tillman Road and U.S. 27.

Four proposed rezonings received no opposition at the hearing. They would change from:

—Residential to general indus-

trial, the zoning of 160 acres northwest of Ferguson and Smith roads, a site whose owners say has little value as farm land and no value for residential development because it lies within the Baer Field low approach zone.

—Single-family to multiple-family, eight acres southwest of Freeman Street and Portage Boule-

vard, sought by Winfield Moses and others as a site for the construction of 110 brick garden-type apartments to be added to those already erected to the west along Portage.

—Residential to limited business, the zoning of the former Hamilton School site at the north-

Public Supports Stadium At Me

By CARL WIEGMAN

An enthusiastic crowd of some 200 people last night attended Mayor Harold S. Zeis' kickoff meeting for a proposed multi-purpose stadium to be erected at

Fort Wayne
Journal-Gazette

SPORTS

SECTION

MSU Again

No. 1 Squad

City Utilities Park. City Controller Ivan McKathnie represented the mayor who could not attend the meeting due to illness.

Representatives of numerous sports and civic organizations as well as school officials and members of other groups spoke in behalf of the stadium and the need for such a facility in Fort Wayne. Bill Tucker was master of ceremonies for the meeting held at the Indiana-Purdue Regional Campus.

Members of the steering committee felt that the meeting had produced excellent results. The attendance was good despite a rainy night and the support of the project exceeded expectations.

Following a succession of speakers, Tucker opened the meeting to comments from the floor. There were no dissenting voices.

McKathnie explained why the

merec, said that Fort Wayne and Northeastern Indiana needed the type of facility which was to be discussed.

Paul Jackson spoke in behalf of the 4-H, saying that he hadn't had time to study the proposal thoroughly but that possibly his organization might make use of such a field for 4-H Fairs.

Orval Waite spoke in behalf of the Fort Wayne Charity Horse Show which annually donates sums to worthy organizations. Said Waite, "We have the most beautiful horse show grounds in the Middle West but we can't tell how long this situation will exist. If we could make use of municipal grounds, we could contribute more money to charity."

Msgr. William Lester, superintendent of the city Catholic schools, injected a bit of humor into the program while pointing out the need for a new stadium.

Rodger Nelson, manager of Allen Dairy, spoke for the Mad Anthonys, a local sports-minded group which he heads. He pointed out that the Continental Football League will go where the action is. "When Zollner Stadium was built some 18 years ago, it was a fine place for softball and football. However, it is obsolete now." Nelson said the Mad Anthonys would dedicate the sum of \$500 to explore the requirements for a new playing site.

Harold McSwane, assistant superintendent of the Fort Wayne Community Schools, said that the FWCS always is interested in new facilities and therefore was interested in this project. "Just as the Coliseum is important for tournaments in

TROUBADOURS TO HOST SAXONS

The first intra-city collegiate basketball game of the 1965 season is on tap tonight at the Bishop Dwenger gym when St. Francis is host to Concordia Senior College at 8:15 p.m.

It will be the season opener for the Saxons. The Troubadours opened with an away game at Huntington College last Saturday and bowed, 92-77, to the Foresters.

October 26, 1964

Mr. Lester R. Grile, Superintendent
Fort Wayne Community Schools
1230 South Clinton Street
Fort Wayne, Indiana

Dear Sir:

SUBJECT: Vacation of
Eckart Street

This has reference to Declaratory Resolution 1140-1964 for the vacation of Eckart Street from the east property line of John Street to the west property line of the first alley west of Smith Street.

Public hearings were held on the aforesaid Resolution on August 27 and September 17. Pursuant to the objection registered at the public hearings and the pressure put on the Mayor's office, the Board deemed it desirable to rescind all action on the closing of said street, which became official in the September 17 meeting of the Board of Public Works.

May we inform you that it is the opinion of the Board and Mayor Zeis that inasmuch as said Eckart Street is not officially closed, the Fort Wayne Community Schools shall reopen the street and restore the pavement.

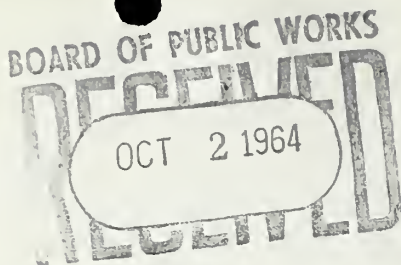

Very truly yours,

Robert W. DeGraaf

☐ F.S.E.
☒ R.W.D.
☐ G.F.G.

Gentlemen:

Date *file*

I take this occasion to lay before you a statement regarding the re-opening of Eckart Street behind Weisser Park School. I have lived at this address all of my life, so know what changes have taken place.

I think there are three factors involved here. As a direct result of closing this portion off, the traffic has been slowed down considerably, speed-wise, between Hanna and John Streets. Previously because of only the two dead-end accesses at Weisser Park Avenue and John Street, drivers were inclined to make a race track of this street from Hanna to Smith Streets. The slow-down has definitely been noticeable since the closing of this portion beyond John Street. So the first two factors involved here are: the safety of the children coming out of the park playground is better assured; as is the safety of the children coming out of the school onto the athletic field. The land for the school was purchased with this utility of park ground in mind, and the continuity of the building and adjacent property is an important one not only to child safety, but in consideration of future school buildings which might save tax payers money by utilizing park property.

Which brings me to the third factor involved, how can the Board possibly justify the expenditure of tax money necessary to re-open this street? Frankly, as I read between the lines of newspaper reporting, I think I feel the pressures and heat you are taking because the previous administration did not hold a proper hearing on this before it was closed. Certainly they should have done this, and been willing to stand on their decision. Be that as it may, the street is now closed, the lawn seeded, and I hope this board would make a decision on what is best here for child safety primarily, and on how to spend tax payers money wisely. I'm sure your feelings of being caught in a situation not of your making are justified, but I'm also sure the result of inadvertently endangering the safety of children should not be the means to justify the end.

I know there are people living on this street from John to Hanna who feel as I do, although I now only speak for myself, and there are parents of children attending Weisser Park School who are concerned. Our failing was in not appearing at the hearings--a common fault of many of us to be indifferent to public hearings or too sure of support because we are convinced there can be no other answer!

I hope this will help you reach a decision to allow this street to remain closed. Thank you for your consideration of this letter.

Sincerely,

Jane Parady (Mrs. Charles)
